OBJECTIVE

Entry-level Software Engineer with strong fundamentals in Java, OOPS, DBMS, REST APIs, and Spring Boot, focused on building scalable and maintainable enterprise applications.

EDUCATION

B.Tech in Computer Science (IoT & Cybersecurity) **2022 – 2026**
MVGR College of Engineering, Vizianagaram *CGPA: 7.2/10*

Intermediate (MPC) **2020 – 2022**
Gayatri Junior College, Gotlam *Percentage: 90%*

SSC **2019 – 2020**
Percentage: 97%

TECHNICAL SKILLS

Programming: Java, C
Core CS: OOPS, Data Structures, DBMS, REST APIs
Frameworks: Spring Boot, Spring Security
Web Development: HTML, CSS, JavaScript
Databases: MySQL
Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA
Operating Systems: Windows, Linux (Ubuntu/Kali)

PROJECTS

RuralMart – Rural Grocery E-Commerce Application GitHub

- Developed a **Spring Boot-based rural grocery application** with product management and RESTful CRUD APIs.
- Implemented **DTOs, request validation, service and repository layers**, and MySQL database integration.
- Implemented **JWT-based authentication and Spring Security** to secure application endpoints.
- Added **product search and category-based filtering** to improve product discovery.
- Designed the backend using a **layered architecture** for maintainability and scalability.

Pharmaceutical Product Verification System

- Developed a blockchain-based pharmaceutical verification system to detect counterfeit medicines across the supply chain.
- Implemented **Ethereum smart contracts** to store tamper-proof product transactions and provide end-to-end traceability.
- Integrated **React.js, MetaMask, Ethers.js, and Solidity** for blockchain interaction and real-time product verification.
- Generated unique product identities and **QR codes** for product authentication and implemented role-based access for manufacturers, distributors, retailers, and consumers.

CERTIFICATIONS

- **Java Full Stack** – Wipro
- **IT Essentials** – Cisco Networking Academy
- **Introduction to Prompt Engineering** – edX
- **CSS, Bootstrap and JavaScript** – Udemy
- **Learn PHP and MySQL for Web Development** – Udemy
